

Levi W. Smith

123 W. 38th St. Hays, KS 67601

lwsmith2001@gmail.com

785-657-1572

Profile

Self-motivated and proficient programmer. Projects created in the Unity and Godot game engines. Adept at Javascript, PHP, HTML, and CSS. Skilled in database design and upkeep. Versed in SQL and MongoDB. Knowledge and experience in Java, C++, Python, and WebGL. Extensive experience modeling and implementing 3D explorable environments. Exceptionally quick learner. Strong work ethic. Able to work well alone or as part of a team.

Education

Fort Hays State University, Hays, KS

Bachelor of Science in Computer Science 2023

Experience

Student Support

Makerspace, Fort Hays State University

August 2022 to May 2023

Debugged code for laser cutter and 3D printer software. Creation of files for 3D printing. SVG design for laser cutter. Took ownership of managing the space when needed. Improved customer experience through prompt and efficient assistance. Successfully calibrated multiple GPS units for High Altitude Balloon launches. Set up, supervised, and judged competitions for grade-school student events. Performed safe and efficient cross-campus delivery of materials up to and including explosives.

Administrative Assistant

Chemistry Department, Fort Hays State University

June 2022 to May 2023

Answered and resolved phone calls, input student grades from weekly chemistry labs, processed receipts for supplies, collected accounts receivable, facilitated daily mail delivery, meticulously sanitized glassware to prevent cross-contamination, safely sorted chemicals, controlled inventory, organized and assembled kits for quantum dot synthesis program, anticipated and fulfilled the needs of the Chair of the Chemistry Department.

Quality Analyst

VITAC Captioning, Canonsburg, PA

April 2019 to April 2020

Reviewed and scored caption files for television and online meetings using proprietary software. Implemented a precise eye for detail to advise captioners of improvements needed in spelling, grammar, and effort in order to provide the most usable product for deaf and hard-of-hearing customers.
